## Union Faces Decision on Future Course in Strike

### AGE POLICY GROUP CALLS CONFERENCE

By JOHN MOODY  
Pittsburgh (AP)—The 170-member Age-Policy Committee of the United Steelworkers meets in Pittsburgh Monday to decide the union's future course in the 45-old stalemated strike that has cost 1½ million American wage earners.

JSW President Philip Murray led the Policy Committee meeting after a brief negotiating session with the industry ended in a deadlock yesterday.

Murray and Joseph M. Larkin, president of Bethlehem Steel Corp., issued a joint statement saying both sides agree they can find no common meeting ground in the controversial union shop issue. There was no indication an another meeting would be held.

Some observers said the next move in the crippling strike is likely to come from the White House. Presidential Assistant John Steelman spent a long time in telephone talking to both union and industry to set up yesterday's session.

At the conclusion of the meeting, Murray and Larkin were told to stand by for further word from the White House—but it didn't come immediately.

The industry said the roadblock settlement "continues to be an insistence upon compulsory unionism."

The union originally demanded union shop, making it compulsory for all employees to join the union.

However, contracts have been reached with several smaller companies calling for a modified union shop. This permits new employees withdraw from the union between the 20th and 30th day of employment.

Murray blamed the breakdown negotiations on the industry. In statement that disclosed the age-policy committee meeting, said:

"The strike was forced upon the union by the industry. It continues because an unholy alliance exists between the industry and the union to permit a fair settlement of various issues in dispute."

"On the basis of the facts, the age-policy committee will decide the union's future course of action."

### Warren Co. Shrine Club to Take Part in Annual Ceremony

With the Zema Zema ceremonial held in Oil City on Saturday, every county in the jurisdiction is to have a marching unit in parade and Don Mowell, president of the Warren County Shrine Club, has urged that the Warren County Shrine Club turn out in force with the marching unit in the parade.

The parade will form at 1:45 p. m. Saturday on Reed street with right resting on West Second street. Mr. Mowell said today that reports indicate a large delegation from Warren will attend, reminding the local Shrine Club members to carry their rhy Shawkey canes. The Warren Club will be in the fourth division.

Warren county has a number of candidates for the ceremonial which is in honor of Potentate Hugh Frampton of Oil City. A event, usually held in Erie, takes place in Oil City this year in honor of Potentate Frampton's 100th birthday.

## Excitement Mounts As Big Circus Day Approaches

### Editorial

**BE CAREFUL ON CIRCUS DAY**  
When Saturday morning's sun comes up over the Warren county hills, let's be able to settle back among our pillows with the reassuring thought that "All's well!" and that Warren came through its big circus day without a casualty of any kind.

Although every imaginary precaution will be taken by Borough Police to protect pedestrians and motorists, it will be the individual responsibility of each and every person to protect himself. Caution must be exercised by young and old, extreme caution. Many strangers will be on our streets, visitors from other towns who will come here to see "The Greatest Show on Earth." Their presence will add to the element of danger, which will be great enough already.

If you see some elderly person or some child poised uncertainly on the curb, spare a moment and help him or her across the street, and do it carefully.

Members of the Junior Chamber of Commerce, who will sponsor the circus in Warren, will open large parking areas in the West End early in the day. They hope this will take many cars off the streets.

Mounted police from Chautauqua county have been asked by Police Chief Mike Evan to help him and his officers in keeping traffic on the move and in protecting pedestrians.

Let's keep Warren's record clean. Let's all be happy on Saturday morning, knowing we've seen a marvelous show and that no home is grief-stricken because the show came to Warren.

### TV to Sound Death Knell for Political Conventions -- Fine

Harrisburg (AP)—Gov. John S. Fine said today television will end the convention system of nominating presidential candidates unless procedures are changed.

The governor told a news conference that candidates should either be elected in a direct national primary or by binding convention delegates to the candidate receiving the highest vote in their state.

"The convention system must be overhauled, become more orderly and more responsive to the will of the people, or go the way of the dinosaurs," Fine told reporters.

The governor, a big figure in putting over the nomination of Gen. Dwight D. Eisenhower for president at the Republican National Convention at Chicago last week, also told newsmen:

(1) "Full and complete unity will be restored" to the Republican Party when the Eisenhower-Nixon ticket goes before the voters next November 4.

(2) He made up his mind about supporting Eisenhower on June 25, more than a week before the convention opened.

(3) The delay in announcing his preference was due to an agreement with Arthur Sommerfeld, Michigan GOP leader and now chairman of the Republican National Committee, to disclose their respective stands at a time when it would do the Eisenhower candidacy the most good.

(4) He had no criticism of G. Mason Owlett, Republican national committeeman for failing to switch from Sen. Robert A. Taft to Eisenhower when the first ball originally showed Eisenhower near the total vote for nomination.

### DEMOCRATIC POLICY DEFENDED BY BIDDLE

Chicago (AP)—Democratic platform drafters heard a defense today of their party's foreign policies from World War I to Korea.

Francis Biddle, chairman of the Americans For Democratic Action, delayed for the time being a promised civil rights fight and took up the cudgels instead to reply to Republican criticisms of the White House conference and the Truman administration's Far Eastern decisions.

### Break in Deadlock Over Prisoners Is Indicated by Reds

Munsan, Korea (AP)—The Communists today obtained a two-day extension of a recess in secret armistice talks shortly after the Peiping Red radio broadcast an announcement that could lead to a break in the deadlock over prisoners.

The broadcast said Foreign Minister Chou En-lai announced Communist China adhered—with certain reservations—to the Geneva convention of Aug. 12, 1949, dealing with war prisoners.

The broadcast seemed to suggest that the Communists might agree to transfer of Red war prisoners who refuse to go home to a mutually agreeable third protective power or a substitute organization such as the all-Swiss International Committee of the Red Cross.

More than half of the 170,000 Red prisoners in United Nations stockpiles have declared themselves unwilling to return to North Korea and Red China. The U. N. says it will not force them back. The Communists demand their return.

### GOOD GIRL WALKS BUT IS FINED \$100

San Francisco (AP)—A 20-year-old girl went to jail because she chose the wrong spot to exercise a woman's prerogative of walking home.

Pat Phillips, a waitress, said she left the car of a man she met in a tavern when he made offensive advances yesterday.

Unfortunately for Pat, the car in the middle of the San Francisco-Oakland Bay Bridge—where pedestrians are strictly prohibited.

Municipal Judge John B. Molinari set bail at \$100 on a misdemeanor charge of trespassing on state property. Pat couldn't raise it.

### EISENHOWER PLANS 2 IMPORTANT SPEECHES

By MARVIN L. ARROWSMITH  
Denver (AP)—Gen. Dwight D. Eisenhower reportedly is thinking about cutting loose with two or more major speeches next month in advance of the official start of the Republican presidential campaign after Labor Day.

Eisenhower, the GOP nominee for the White House, probably will make no final decision until he returns next week from a trout fishing vacation high in the Rocky Mountains. He plans to leave tomorrow for St. Louis Creek near an old friend's ranch at Fraser, Colo., about 70 miles west of Denver.

The friend and ranch owner, insurance man Aksel Nielsen, will be Eisenhower's only companion. They intend to do their own cooking—an art at which Mrs. Eisenhower says the general outshines her.

NEW YORK (AP)—Both suspect and motive eluded police today in their search for the gunman who killed an 18-year-old secretary in her office at Columbia University Monday. Detectives said they were stymied in the shooting of Eileen Fahey, right above, while she sat at her desk reading a letter from her fiancé, Ronald Leo, 20, left, now a Marine Pfc. in Korean service. Meanwhile, attendants at a funeral chapel said the funeral for the girl would be delayed until Saturday to allow time for Leo to fly to New York from Korea. But in Korea, a First Marine Division spokesman said Leo does not want a leave to attend the funeral. Leo's mother had asked that he be sent home on emergency leave for the burial service.

### Little Relief Promised With Higher Temperature Forecast To Bake State Later in Week

By The Associated Press  
A cold mass of air headed towards Pennsylvania from the Rockies is moving slower than expected and the outlook for a break in the four-day heat wave was bleak today.

The weather man forecast "a trifling letup"—but no more—with highs of 85-90 in the eastern part of the state and 78-84 in the western portion.

Some cloudiness with generally fair weather is predicted for all sections of the Keystone State. An extended four-day forecast issued yesterday by the U. S. Weather Bureau promises average temperatures of four to 10 degrees above normal with a rising temperature trend the last half of the week.

Yesterday was the fourth consecutive day of above 90 temperatures in many Pennsylvania cities. The eastern half of the state was hit particularly hard. Philadelphia had a high of 93, just two degrees short of the record for July 15, set in 1898. Harrisburg had the same high reading while Wilkes-Barre's hottest was one degree lower. Pittsburgh had a high of 86.

Scattered showers over restricted sections during last night brought some relief. A thunder and lightning storm in the Pittsburgh area caused some damage and shut off lights in the borough of Wyoming for some time. There also were some scattered showers in western Pennsylvania during the night.

### 1,000 AFFECTED BY ZINC OXIDE FIRE

Philadelphia (AP)—A zinc oxide fire in a northeast Philadelphia smelting plant today spread nauseating fumes over a mile-wide area forcing nearly 1,000 people to leave their homes.

Forty-nine persons who live in a row of houses across from the plant in the Port Richmond section were made violently ill by the fumes. Physicians at Northeast Hospital who treated some of them said they had the symptoms of poisoning by sulphuric acid fumes.

### 'BISHOP' OF BIG TOP DIES IN COLUMBUS

Columbus, O. (AP)—"Doc" Waddell, 89, known to circus people throughout the world as "Bishop of the Big Top," died last night in Alumerest Hospital here.

He had been retired for a number of years.

He was a circus minister with most of the big shows over many years. His real name was William Shackelford Andree.

### AIRPORT LAID OUT TODAY BY ADVANCE MAN

With the arrival in Warren today of L. D. "Doc" Hall, veteran twenty-four hour man for the great Ringling Brothers and Barnum & Bailey circus, final plans for the arrival and set-up of the mammoth show went forward with a bang. The three circus trains, eighty cars in all, will start arriving in Warren on the Pennsylvania railroad shortly before 4 a. m. Friday, from Olean. The matinee will be at 2:15 p. m., the evening performance at 8:15.

Mr. Hall had been in town only a short time before he began arranging all details for laying out the Warren Airport for the big top, and had made several visits there today. He also conferred with Borough Manager L. M. McConnell, Police Chief Mike Evan, and Alan J. Blair, chairman of the Junior Chamber of Commerce circus committee. He met with William R. Walker, general manager and vice president of the Walker Creamery Products Company, and placed large orders for supplies to care for the 1,200 persons who make up the show's personnel. He also conferred with Dean Anderson of the Anderson Baking Company, which firm will provide bread and rolls for the circus. Whatever else is needed by the circus will be purchased from local dealers.

There was an upsurge in ticket sales yesterday at the booth in Kinnear's store, 223 Liberty street, and Kenneth Gwinnett, the circus representative in charge, said this afternoon that he was glad to receive from Mr. Hall another limited consignment of the higher priced seats. Seats are still available but are likely to be gone long before the matinee opens on Friday. Mr. Gwinnett will be at the booth until 5 p. m. today, from 9 until 10 on Thursday, and until 5 on Friday. ### President In Army Hospital Following A Virus Infection

Washington (AP)—President Truman entered the Army's Walter Reed Hospital today for a checkup.

The president was stricken with a mild virus infection on Sunday. It had been described by his aides as not serious, but all his appointments had been cancelled this week.

Press Secretary Joseph Short told reporters the president may remain at the hospital for "two or three days."

The virus infection, Short said, has been pretty much cleared up. He said Truman's fever "has about gone."

The president left the White House at 6:40 a. m. (EST) and entered the hospital 20 minutes later. He was accompanied by Maj. Gen. Wallace H. Graham, presidential physician.

### 'Voice' to Replace Magazine 'Amerika'

Washington (AP)—The State Department said today the Voice of America will be made a lot louder now that Russians may no longer learn about life in the U. S. A. from the magazine Amerika, which has been suspended.

The department said its radio programs beamed behind the Iron Curtain will be intensified by use of new transmitters and the addition of new languages and new features.

It believes this will offset the loss of the 7-year-old Amerika, the lavishly printed magazine which told Russians in their own language about the U. S. It was suspended by the State Department yesterday after years of squabbling with Moscow over its distribution.

### Unusual Program To Be Presented At Grand Valley Hall

Residents of Warren county have in store for them some excellent entertainment on Monday, July 21st at 8 p. m. at the I. O. O. F. Hall, Grand Valley, when Mr. and Mrs. Leonard Wenz of Denver, Colo., bring to this area for the first time in two years their noteworthy assemblage of kodeschrome movies and slides.

They have travelled extensively throughout the United States and Canada in their quest for unusual and unique pictures and Mr. Wenz will show colored movies of such interesting places as the Grand

Canyon, Yellowstone National Park, Los Angeles and San Francisco, Calif., and other points of interest along the West Coast. He also has some interesting scenes taken in British Columbia. Mrs. Wenz will show slides. They also have some colorful pictures of the Hoover, Grand Coulee and Bonneville Dams. Ethel and Leonard Wenz are well known in Warren county and have recently completed a tour of the New England states and this, coupled with their western tour made in 1951, marks their complete coverage of all 48 states.

They have received interesting write-ups in many leading newspapers and magazines in this country, and those fortunate enough to see their pictures have been enthralled and spellbound with the unique scenes unfolded before their eyes.

Dr. Wenz has been a photographer for many years and is able to capture human interest and realism on film and present those films in a most interesting and entertaining manner.

The public is cordially invited to attend the showing of these pictures and a free will offering will be taken for the benefit of the building fund program of the Grand Valley E. U. B. church, of which Rev. David Ostrander is pastor.

A group of ten young people and two adults associated with the Salvation Army work in this city left this morning about 7:30 o'clock for Camp Allegheny, Ellwood City, where all but one of them will spend the next two weeks. This is a project that is sponsored annually by the Warren Kiwanis Club.

Included in the party were Major Charles Schaffer and Capt. Ralph Miller, who drove the heavily-laden cars, Dorothy Fellows, Bonnie Mattha, Mary Ann Woodley, Donna Osborne, Keonette Laufenberger, Janet Richard, Terry Reist, David Peterson, Tommy Peterson and Avonelle Burke. Captain Miller planned to return today.

They will be joined at the camp by about 300 other young people and adults from the Western Pennsylvania Division of the Army.

### Disabled Diesel Is Assisted by Firemen

Firemen don't always fight fires when they go out with their equipment. Many times they take on unrelated duties, and Tuesday was one of the times for the Pleasant Township Volunteer Fire Department.

Yesterday afternoon, the diesel locomotive on a northbound Pitts-

burgh-Buffalo freight run became disabled at Hemlock when it was found that a petcock had become open and the engine had lost all most all the water from its cooling system.

A member of the Pleasant township department, who is also a railroad employee, happened to be in DW tower at the time the problem arose of getting water to the engine. He promptly called the firemen, who took their 1000 gallon tank-pumper to the scene and proceeded to pump 300 gallons of the precious liquid to the diesel.

As a result, the delay was a short-lived one and the freight proceeded on its way with only slight time lost.

Warren county had 292 people, showing 226 cases on the Department of Public Assistance rolls last half of June, according to data just released by Mrs. C. Evans, secretary of Assistance.

This represented a decrease of \$170,000 from the \$5,319,000 paid to professionals, pharmacists received \$500,000, or 42 per cent of the total; dentists received \$500,000, or 37 per cent. THE ROAD TO DEFEAT  
Wall Street Journal

The Republicans will not win the election of 1952 by the dominant faction belaboring the corpse of the Taft candidacy.

Nor will they win by informing something approaching half the Republican voters that up to this time they have been a lot of moronic yokels who should feel fortunate that they are about to be given a glimpse of the true light. This ecstasy about the "new Republicanism" inevitably raises the thought that there was something wrong about the old kind.

And it is well enough to attempt to attract the young voters, but in doing that it is not at all well to offend the old ones. The voters who just manage to totter to the polling places count just as much as the voters who are just learning to shave.

A faction of the Republican party cannot win an election. It will take the whole Republican party—at least that. But the post-convention policies as they have appeared over the week-end seem to be formed by those who are totally oblivious to what should be axiomatic. They seem dictated not by a desire to win but by a desire to control and to punish further those who have already been defeated.

Senator Taft had 500 votes at the Chicago convention, an unusually high total for a losing candidate. Furthermore those delegates stayed with him, knowing that they were almost certainly going down with a losing cause.

There were a few men at Chicago who retained enough balance to see the significance of this and who immediately suggested that the first post-convention steps should be generosity to the losers and offers of partnership in party affairs. They were even willing to try to have Senator Taft take second place on the Republican ticket.

Those men were brushed aside as though they were a brand of traitor. It was made quite clear to them that the victors intended to have not only a monopoly of the party campaign machinery but that they also intended to humble Senator Taft and his friends.

That intention was again made clear in the appointments to campaign posts announced over the week-end. The effect of those appointments is to insulate Mr. Eisenhower from all contacts except those that the victorious faction of the party approve. It is difficult to believe that there is any other purpose.

At this writing, it seems to us that the Republicans—or rather the dominant faction—are well on the way to repeat the errors of 1948. One of those errors was to make the party command a closed corporation, smugly rejecting both advice and warnings of disaster.

And 1948 proved that those who do not possess the restraint and breadth to handle victory are doomed to defeat.

Thousands in and around Warren who have enjoyed the successful Fourth of July celebrations staged in past years under the sponsorship of the Jaycees will be pleased to learn that thoughts of the members of the progressive civic organization have already turned to plans for a similar observance in 1953. It is likewise gratifying to read that the committee held within the budget of \$9,000 this year, indicating that the boys perhaps will realize a profit for their hard labor, which will be used in promoting worthwhile welfare activities.

Persons who have not already secured tickets for the Ringling Brothers and Barnum & Bailey circus, appearing at the airport Friday under the auspices of the Junior Chamber of Commerce, are reminded again that while there is a scarcity of higher priced seats, several sections of the \$3.00 tickets and general admissions are still available. It would be well for everyone planning to attend either afternoon or evening to secure tickets in advance at Kinnear's store, 225 Liberty street, to avoid delay at the grounds.

It would be well for motorists to remember that Council has launched plans to reduce to 25 miles per hour the speed limit in Pennsylvania avenue east from Crescent street to Parker, which extends the lower speed zone a few blocks farther east because of the Drive-In and ice cream stand near Parker street.

## Does the Poor Guy Ever Wonder If It's Worth It?

## Here And There

Back in 1927 when the great Ringling Brothers-Barnum and Bailey's circus last appeared in Warren, its editor was writing a column in one of the ill-fated daily newspapers that have sprouted and died since we first came to town about 45 years ago. Incidentally, it appeared under the heading "By the Way." It is interesting to note a couple paragraphs from the column of Tuesday, July 5th, 1927, the first issue printed after the show left Warren, July 24, a Saturday, with the Fourth falling on Monday. The first one follows:

One person among the score who found it interesting to watch the hundreds of automobiles pouring over the bridge from the south side Saturday afternoon was A. C. Mook, county commissioner at the time the structure was erected. "I got a lot of satisfaction sitting here and seeing that string of automobiles coming over the bridge," he said to the writer (he was resting on the edge of an ice

cream container near the Palace of Sweets.) "There's no danger of that bridge going down with any kind of a load that can be put on it," he commented, and continued: "But I remember the time when I stood around here and just held my breath when circus crowds came over from the other side. That was in the declining days of the old suspension bridge. Remember that last big crowd we had here? They asked for permission to cross the bridge and we wanted to refuse them. Then they threatened to have it closed. Finally we replanked it and strengthened it in every way we could. They only permitted one wagon at a time on the bridge, but when six or eight span of horses began to walk over it, she just bounced up and down. That wasn't so bad, but when it started swaying sideways we didn't know just what to expect. Believe me I breathed easier when the show got safely out of town." Mook recalled the first circus that ever

crossed the new bridge. It was either Barnum & Bailey's Ringling Brothers, or the 101 Wild West. It was before the concrete was poured in the roadway. The circus officials were certain they could get over, and they did. It was a fine thing for the approaches, too, the large, heavy wagons packing down the earth better than it could have been done by any other process. When the bridge was constructed the former commissioner reminisced, the county officials were criticized for building such a large structure. Saturday's crowd demonstrated that it was not nearly large enough on circus day.

Another paragraph in the same column says:

The morning after a circus I find it interesting to go over to the lot and watch the crowds exploring the debris left on the grounds. Sunday morning early there were a large number of youngsters and adults wandering about the place, digging, prying and searching. Occasionally one stoops over, rummages through the grass or dirt, picks something up, inspects it minutely, and most generally rams it into a pocket or sack. There were a half dozen boys with pop cases looking for bottles, for which the Soda & Mineral Water Company was no doubt paying them a small sum.

And another:

After the greatest show on earth and the most enjoyable county picnic on record, a little rain is welcome.

## Dem's Contest Sure to Equal GOP's Expenses of \$2 Million

BY PETER EDSON  
NEA Washington Correspondent

CHICAGO—(NEA)—Like Eisenhower, by virtue of having been picked as Republican nominee at the Chicago stockyards amphitheater, becomes a two-million-dollar baby, on the hoof. That is the minimum estimate placed on the expenses of all candidates and the Republican National Committee in the 1952 presidential contest to date. While this expenditure, soon to be equalled or surpassed by the Democrats, is something of a national scandal, there never will be any accurate figures released. The reason is that the Hatch act and the corrupt practices act place no limit on the amount of money that may be spent by any candidate for a federal office in primary elections. Since they're not required to do so by law, treasurers for the several presidential candidates are reluctant to give out how much they have collected and spent. Only congressional investigation could pry out the figures, if authorized to do so.

Howard Peterson of Philadelphia, who has been in charge of money raising for Eisenhower, estimates that the general's primary campaign will cost close to a million dollars. This is before all the bills are in. Peterson points out that radio time for the general's major speeches cost \$2000 a minute. Thirty minutes, \$60,000. Eisenhower headquarters spent \$75,000 on Chicago newspaper ads every day they ran during the convention. Lesser expenses ran down to \$60 a day for a steam calliope. But they all added up.

BEN TATE, fund raiser for Senator Taft in many of his campaigns, puts a more conservative estimate on his expenses. As a minimum, Tate says Taft's expenses will run 50 per cent more than in 1948. Taft's unsuccessful campaign for the presidency cost about \$200,000 that year, of which \$40,000 was spent at Philadelphia.

Democratic National Committee got a \$250,000 contribution from Chicago to cover convention expenses. But it isn't expected to cover. All Republican political managers in Chicago, in fact, admit that they ended the convention in the red.

Sen. Frank Carlson of Kansas is now given credit for conceiving the idea for General Eisenhower's "fair play" campaign to win him contested southern state delegations at the GOP convention. Senator Carlson has been one of General Eisenhower's campaign co-chairmen right from the start. He made little noise and attracted little attention to himself during the primary campaign. But at Denver he saw the advantage of this fair play campaign.

THE psychological battle of the sound trucks in Chicago went on all the time. The Eisenhower people were accused of stealing Taft slogans and songs.

Ike's press agents even wrote their own words to the tune that was Taft's campaign song in 1948, "I'm Looking Over a Four Leaf Clover." They made it, "I'm Looking Over Dwight Eisenhower."

Taft forces had a yell, "Taft for me. Taft for you. Taft will win in '52." An Ike gag writer changed it to "Ike for me. Ike for you. Taft can't win in '52." Loud speakers blared it everywhere.

The Taft loudspeaker propaganda got pretty rough just before the big voting began. It was no secret that Senator Taft had little use for Gov. Thomas E. Dewey of New York.

But this came out nasty when a sound truck went through the streets beating ear drums with the message: "Are you going to elect Thomas E. Dewey president by proxy? Will you allow him to mastermind our party into another defeat? Phooey on Dewey. Republicans want a fighting campaigner. Dewey! Full of Hokey."

Like so many of the Taft publicity stunts, this one backfired and did Taft more harm than good.

# Feeder Calf Sale at Crawford Fair rounds Oct. 11th

Marlin M. Nicely of Venango, Crawford county, a founder and rector of the Northwestern Pennsylvania Livestock Association, chairman of the Association's cattle breeders division, has announced that a feeder calf sale will be held at the Crawford County Fair grounds, Meadville, on Saturday, October 11th.

This will be the first sale of its type ever held in the four counties of Crawford, Erie and Warren and it is a direct result of the interest in livestock rearing which has been stimulated by the Northwestern Pennsylvania Livestock Association's annual Show and Sale.

On the committee with Nicely are George Holliday of North Springfield and Earl Lawrence of Warren R.D., both of Warren county. Holliday and Lawrence also are founders and directors of the livestock Association. Nicely represents Angus breeders; Holliday, Shorthorn breeders and Lawrence, Herefords.

"Our future farmer of America's boys and our agricultural veterans who have been fattening steers in other states, especially Virginia. As our feeder calf sale grows it is our hope that the boys will be able to buy all of their

feeder steers right here in the area. Every bit of this money that is spent here means new wealth for the area produced from its own soil."

"At our organization meeting at Venango on June 12th seventy-five feeder calves were pledged for our October sale. We are confident that that number will be doubled by October 11th. We shall also have for sale a number of heifers and a few select registered bull calves."

We believe this sale represents another major step forward in the development of a livestock industry in Northwestern Pennsylvania.

**BOYS ADMIT DAMAGE**  
State police said yesterday that Edward R. Carley, 16, of Oil City, and John L. Kellner, 14, of Rouseville, had admitted doing \$300 damage Saturday nights to business establishments. Kellner and Carley, under questioning, told investigating officers they were responsible for the breaking of a large plate glass window in the new Pennzell service station in Rouseville; windows in the Pennland Tanker, Inc., building in McClintockville; the Cheeseman Motor Company building, McClintockville; and Lyons Transportation Company building, McClintockville. The boys said they had "been drinking." Judge Lee A. McCracken reprimanded them severely and placed them on probation in custody of their parents.

THIS is—to coin a phrase—a "shopper's market."

Folks are taking a keen look at what they get for what they pay—and they're taking a double look at price tags.

That's the kind of market where Buick really shines.

Do you know why?

Buick prices are down within easy reach of the folks who buy what's known as "the low-priced three."

Fact is—a big chunk of Buick sales comes from the folks who trade in one of this low-priced trio.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflo Drive.\*

They like the way it handles. They like the way it's engineered. They like the belt they get out of touching off the power of its Fireball 8 Engine—and they like the miles they get from a gallon of fuel.

So Buick sales are booming. Not just the SPECIAL—but also the SUPER and ROADMASTER. Folks

find that each one is the buy in its field.

When we tell you that business is great, we can back up that statement with figures. More people are buying Buicks than any other car at their price or above.

Why don't you come in and see for yourself what's behind this popularity?

If you can afford a new car, you can be the proud owner of a Buick.

# Strange Passage

By William Lynch

Chapter 30

THE swimmer reached the opposite shore and pulled himself through low-tide slush and reeds to the dry bank.

The night became progressively darker and as yet there was no moon, and travelling in the shadows of the ranges was an accomplishment of bush instinct rather than of judgment. The gully was his friend, now, and if he followed it through to the next line of hills he would assuredly find another that ran in the same direction, and out there, somewhere, in the Syrian gloom there was a road that led to a road that led to the metropolis.

He was not afraid of travelling thus in solitary splendor at night. There remained only the hazards of darkness and direction, and of being imaginatively afraid of silence and inescapable isolation. Therefore it was a matter of steadfastly following the gully until it merged with another, yet larger, and following that one along—providing the Southern Cross was high before one's vision, and the south was his destination.

His luminous wrist watch told him that he'd been walking for more than an hour, always steadily climbing and it wasn't until he sank exhausted to the bed of the gully that he felt the dull ache at the back of his eyes.

His strength mounted afresh at the image of the day's events and the urge to investigate Wade's Hole took possession of his resolve. Slowly he found his feet. The path converged upon what was apparently a bridge-track, for it widened to six feet and began mounting the side of the range. Gardiner stood at the top of the hill, his eyes fastened upon a solitary, weak light that blinked and flickered and presently went out, only to re-appear a moment later at another spot.

Somebody carrying a lantern! He sat down to watch. The light presently ceased its will of the wisp performance and became stationary. Then he was able faintly to see the grey walls of a canvas tent. Pleased beyond measure, Gardiner strode swiftly down the hill.

"Hullo, there!"

"Hullo!"

The camp dweller remained seated. He was tall and gaunt and his face was compounded of wrinkled leather.

The old man peered suspiciously through the dim wall of light.

"You lost, mate?"

"Not exactly. I came overland from Berofwa Waters."

"Why?"

"Elker."

"The other grunted."

"Hungry, I suppose."

"Nothing in my guts since yesterday."

"Here's the bread. Cut it yourself. The tea's still warm."

"How do you get down to town from here?"

"Motor bike," he said. "It's in there."

"How far is it to town from here?"

"'Bout twenty-eight miles."

He ate without further speech for five minutes. Then he swallowed a mug of tea and stood up. Gardiner had sliced the bread with the other's jack-knife. It was in his hand now.

"I'll take the bike now."

"No you won't!"

The old man made to rise but his head and shoulders were spun back to the ground and the jack-knife slashed down three times across the soft parts of his throat. Gardiner straightened up and tossed the knife aside.

"You should have let me take the bike," he said, softly.

Less than an hour later—a few minutes after midnight—Gardiner stood on the edge of Wade's Hole, peering questioningly into its cavernous depths.

Presently, he sat down and low-screed himself over the edge of the hole and began the slow and difficult descent.

HE knew, even in his confused state, that if the woman's body were not somewhere in this jungle of mud and weeds, they would press a charge of attempted murder, with Kate herself the most hostile—and damning—of all possible witnesses. Therefore, she had to be here.

After the first desperate survey he paused to collect his senses and then he began a systematic creeping search of the hole, using as a datum the longest of the steel pikes that protruded horizontally from the sides of the cavity. On all fours now, he moved back and forth, feeling, examining, trying to remember, trying to estimate all the possible angles of Kate's uncontrolled fall—as a golfer seeks a lost ball—gauging distance, momentum, weight direction, impediments—until the search brought him to the floor of the great fissure. He then returned to within ten feet of the surface and began the investigation all over again and this time he was rewarded by a fragment of flimsy dress material that fluttered its single streamer from the point of a steel end—Evidently her fall had been partially broken here—

Using the discovery as a new base for operations, his gaze sought again the bed of the hole, for every yard of the slope had been thoroughly examined so that not even the remains of a cat had gone undetected. Yet, find the body of Kate he must: either that, or the gates of damnation were open wide at the surface of Wade's Hole and there was no future.

Proclaiming his resentment in a series of pig-like grunts, Gardiner made again down the slope, caring little for a firm foothold. He crashed his way down in a succession of controlled falls, keeping his feet only by virtue of the thick weeds that afforded him hand-balance, but he fell heavily at the base of the slope and lay stunned on a rock bed, his head half hidden in a pool of black slime.

It was as he lay thus that suddenly his eyes were blinded by a shaft of fierce light that snaked out from the surface, found him unerringly, and focussed its vicious glare full in his face. He tried to penetrate the beam of solid light, but failed and tightly shut his eyes. Then, abruptly the light was taken away and he opened his eyes. But it took him fully a minute to adjust the night to his blinded vision, but when he did it was to behold the spectacle of three figures clearly outlined against the skyline—two of them bulky, the other slight. He stared, fascinated, at the madness of three witnesses up there on the edge of the hole—two men and a woman. Danny he recognized at once by his ungainly shape—the other would be Taylor. And Mel-sande—

Started, he sprang to his feet and made for the opposite slope. (To be continued)

# REWARD FOR VANDALS

A reward of \$200 has been offered by an anonymous Oil City resident and a "substantial" but unspecified sum has been put up by the Veterans of Foreign Wars of that city, for information leading to the arrest and conviction of the vandals who desecrated Calvary Cemetery there early Sunday morning. Police reported no new leads in the case, aside from the tire marks on the sod. Sixty-nine gravestones were overturned. Flags were taken from veterans' graves, bound together and trampled. The estimate of \$10,000 damage was called "conservative" yesterday by persons close to St. Joseph's Cemetery Association.

## Jointure Discussed By Conewango Twp. Board of Education

Progress on the actuality of the jointure being considered by several townships and boroughs in Warren county came up for considerable discussion at the regular July meeting of the Conewango township school board held Tuesday evening at North Warren.

Following routine reports, the board was advised that Mrs. Juanita Johnson desired to resign as the Fifth Grade teacher and her resignation was duly accepted. Secretary Keith Chase will now accept written applications for this vacancy at North Warren.

At the next meeting of the board, August 12, applicants will be interviewed for Fifth Grade teaching. Those interested are advised to write Mr. Chase giving qualifications and details in full.

In line with the improvements being made at North Warren, the outside painting job, just finished by T. J. Scallie, was inspected and approved. It was felt that the electrical work was being unduly delayed and considerable speed will be required to finish this renovation as well as the inside painting; much discussion resulted from this work status.

The board was asked to purchase new drain pipe to be installed along Church Street but voted to delay action on this and seek a legal opinion from Solicitor Alexander Flick as to right and responsibilities.

The bid of Kurtz Brothers of Clearfield, was accepted for school supplies for both Starbrick and North Warren Schools.

Progress on the school census was reported.

### Marilyn Louise Smith Becomes Bride Of James L. Miller in July 12th Rite

Marilyn Louise, daughter of Mr. and Mrs. Melvin T. Smith, 1003 Conewango avenue, chose July 12, the 20th anniversary of her parents' wedding, for her marriage to James Louis Miller, son of Mr. and Mrs. Raymond J. Miller, Warren RD 3.

The double ring ceremony took place at 2:00 p. m. in First Baptist church, the Rev. Leland Hine hearing the vows before a floral setting of palms, candelabra and summer garden flowers. Harriet Lind was organist and Charles Smith, brother of the bride, sang "Always," "Because" and "Saviour, Like a Shepherd Lead Us".

Given in marriage by her father, the bride appeared in white satin with long train and carried a satin Bible topped with a white orchid and showered with sweet peas and satin streamers. The nylon lace yoke of her gown was outlined with seed pearls to match the tiara which held her finger-

tip veil and her pearl necklace was the bridegroom's gift.

Attending her were Valerie Lemmon as maid of honor; Anita Miller, sister of the bridegroom, as bridesmaid, and Annette Smith, the bride's sister, as junior bridesmaid. Miss Lemmon in yellow and Miss Miller in blue, wore strapless, floor length gowns of nylon net over taffeta, with small shoulder capes. Picture hats and shoes matched their gowns and each carried a colonial bouquet of yellow rosebuds. Similarly attired in pink, the junior bridesmaid carried pink rosebuds and had a matching head bandeau.

Arthur Anderson served Mr. Miller as best man and ushers were Daniel Jackson and Thomas White.

The bride's mother was in dark blue with white accessories. Mrs. Miller chose aqua lace, while grandmothers of the couple, Mrs. Warren Gilson and Mrs. James Miller, Sr., wore black and powder blue, respectively. Each had a shoulder corsage of yellow rosebuds.

A reception for 175 guests followed immediately in the Smith home, where a five-tiered cake was trimmed with laced hearts and topped with miniature bride figures. Candelabra, white sweet peas and carnations completed the setting. Cutting the cake was Mrs. Benjamin White, assisted by Mrs. Waldo Hamblin, while Mrs. Warren Gilson and Mrs. James Miller, Sr., poured. Mrs. Paul McElhattan had charge of the guest book and other aides were Mrs. Marshall Hedges, Mrs. LeRoy Fredricks, Mrs. Norman Anderson and Beverly Hamblin.

Out of town guests came from Westfield and Niagara Falls, N. Y.; Washington, D. C.; Ashland, O.; Clarion, Russell, Grand Valley, Chicago, DuBois, Claridge, McKeesport, Allegheny, Edinboro, Youngsville, Pleasantville, Mercer and Garland.

After a wedding trip through the New England States, the couple will be at home to friends in Warren RD 3. For travel, the bride chose a suit of light blue linen, with white accessories and an orchid.

Member of this year's Warren High graduating class and employed in the office of Dr. John Lasher, the bride was honored by the following with pre-nuptial parties: Her aunt, Mrs. Phillip Smith; her grandmother and aunt, Mrs. Warren Gilson and Mrs. W. Hamb-

lin; JoAnn Bednics; Irene Hedges and Mrs. Charles Berdine; Valerie Lemmon; Mrs. Raymond Miller and Anita Miller, mother and sister of the bridegroom.

The bridegroom, graduated from Warren High in 1948 and from Clarion State Teachers College in 1952, is employed by the Department of Highways.

#### Man's Wife Needs to Boost His Pride in Himself and Her

HE needs your admiration as well as your love.

He needs to feel your pride in him when he has done well fully as much as he needs you to stand by him when he meets with a failure.

He needs to have you laugh at the things he finds amusing as well as to understand him when he is talking seriously.

He needs to feel that you appreciate his working to support you, along with your assumption that, of course, he will always look out for you.

He needs for his home to be a place where he is proud to bring his friends, as much as he needs it to be a place where he can relax and do as he pleases.

He needs for you to accept him as he is, faults and all, and still feel sure that you will never expose his faults or failures to outsiders.

His ego needs continual rebuilding.

HE needs to feel proud of you, as well as to have pride in his own ability.

He needs to be able to be honest with you, instead of having to constantly keep things from you.

He needs to be able to lose his temper occasionally, without having it held against him long after the incident is over.

He needs to have you take the first step in making up after a quarrel, because his masculine pride holds him back, even though he may be sorrier about the whole thing than you are.

He needs to be treated like a man, not just like a husband.

He needs to be able to feel pride when he speaks those two words "my wife."

All of those are things a man needs from his wife.

**KIWANIS PRESIDENT IN TROUBLE IN KANE:** The "rootin'-tootin'" caravan carrying members of the Warren Kiwanis Club to Kane for a joint meeting at the Penn-Kane Hotel with the Milltoppers and St. Marys club, Monday night, came to grief before reaching the hotel when President Cliff Batts, above, next to the officer, was presented a ticket by Patrolman C. G. Kelts, "for making too much noise." Batts is shown presenting his license for inspection and otherwise trying to convince the officer that he was sorry he had disturbed the peace in Kane. The serious looking gentleman at the extreme right is the Rev. Tom Colley, of the First Methodist church, who interceded for the Warren men, but in vain.

## American Olympic Team Begins Action Tonight at Helsinki

By BEN PHILGAR  
Helsinki (AP)—Uncle Sam's star-spangled forces will taste 1952 Olympic competition tonight for the first time but their chances of success are far from bright.

The first U. S. contingent to flex its muscles will be the soccer team. It meets the very good Italian 11 at Tampere 100 miles up country from Helsinki, in a qualifying match.

Soccer never has been a strong point in American sports competition.

Field hockey is the only sport in which the United States is not represented. The U. S. got a free pass in basketball.

The International Olympic Committee opens its three-day general meeting with plans to elect a new president to succeed J. Sigfrid Edstrom of Sweden who is retiring. Top man in the race is Avery Brundage, the Chicago hotel executive who heads the United States Olympic Committee. Brundage is vice president of the IOC.

But even in this race the U. S. faces competition. A number of the 71 nations which belong to the IOC are cool to the idea of an American president. A compromise candidate may be Lord David

Burghley of Great Britain, a former Olympic athletic star. The highly touted Red Army soccer team from Moscow had to come from behind in an overtime period to put down neighboring Bulgaria, 2 to 1. The soccer matches are played on a one-loss-and-you're-out plan and the Soviets had been labeled favorites for the Olympic gold medal.

Joining Bulgaria on the sidelines were India, Romania, France and Greece, who were beaten in order by Yugoslavia, Hungary, Poland and Denmark. The Yugoslavs looked the best of the bunch.

## NEW FISH WARDEN FOR COUNTY IN TOWN

Robert M. Betts, who has been transferred from New Castle, Lawrence county to become Warren County Fish Warden succeeding Ross Bailey, of Youngsville, who resigned recently, was in town Tuesday with his wife in search of a furnished apartment or home.

Mr. Betts, who will make a welcome addition to Warren's official representatives in outdoor activities, attended High School in Montgomery, Lycoming county, after which he spent three and one-half years in the service followed by four years as a member of the State Police. For the past three years he has been with the Pennsylvania Fish Commission.

## Dropo Ties League Record With Twelve Consecutive Hits

By RALPH RODEN

Associated Press Sports Writer  
Walt Dropo, the amiable "Moose" from Mooseup, Conn., once again is striking fear into the hearts of American League pitchers.

The husky first baseman of the Detroit Tigers shunted the pennant races to the sidelines last night by trying a rare major league record—12 consecutive hits. Pinky Higgins set the record in 1938 with the Boston Red Sox and Dropo is the first to equal the mark.

Dropo missed a chance to break the record when he fouled out in the seventh inning of the second game of a two-night doubleheader against the Senators in Washington. The 28-year-old slugger then singled home two runs in the ninth. Despite Dropo's lousy hitting the tail-end batters dropped both ends of the twin-bill to Washington, 8-2 and 9-8.

Meanwhile, the Cleveland Indians reduced the Yanks' lead to 2½ games by downing the Bombers, 7-3, at Yankee Stadium. The Red Sox took over third place from Chicago by beating the White Sox, 7-5, and the Philadelphia Athletics swept a two-night twin-bill from St. Louis, 7-6 and 11-3.

In the National League, the second-place New York Giants climbed to within five games of Brooklyn's pace-setting Dodgers by turning back the St. Louis Cardinals, 6-3. The Dodgers' game with Cincinnati was rained out. In other games, the Philadelphia Phillies trounced Pittsburgh, 10-3, and the Boston Braves snowed under the Chicago Cubs, 10-3, in the majors' only day game.

Early Wynn, backed by a nine-hit attack that included home runs by Harry Simpson and Luke Easter, coasted to his 10th victory in the opener of the important five game series at Yankee Stadium.

Rookie first baseman Dick Gernert clouted two home runs and George Kell one to account for all of Boston's runs in its victory over the White Sox.

Lefty Dave Koslo, although relieved in the sixth by relief ace Hoyt Wilhelm, gained credit for his 12th straight victory over the Cardinals since mid-season of 1950. Curt Simmons breezed to his ninth victory in beating the Pirates. Rookie Mel Clark's grand slam homer in the third, his first of the season, staked Simmons to a 4-0 lead and the Phils sewed it up with three more in the fifth against Howe Pollet.

The Braves scored seven unearned runs to beat the Cubs. Lefty Dave Koslo, although relieved in the sixth by relief ace Hoyt Wilhelm, gained credit for his 12th straight victory over the Cardinals since mid-season of 1950.

## No-Hit, No-Run Game Pitched by Oldtimer

Beaumont, Tex. (AP)—Johnny Vander Meer waited 14 years for his no-hit glory to return.

The man who pitched consecutive no-hit, no-run games in the major leagues did it again last night—this time in baseball two notches lower.

Pitching for Tulsa, he whitewashed Beaumont 12-0 in the class AA Texas League.

## Through The Wind Tunnel

"Did the ice jam at Corydon go out yet?" asked some joker who called in yesterday afternoon.

Many a Warren alarm clock is going to get a work-out at dawn on Friday, and many a sleepy-eyed parent is going to be pulled out of bed by the younger fry. We anticipate that Pennsylvania avenue will be well lined when the big circus trucks start rumbling along on their way to the Airport.

"That's the villain!" said several Boy Scouts at Camp Olmsted when Bill Hill, Jr., turned up there on a Monday evening visit. Bill is a former Olmsted scouter.

You should see those Scouts go through ham, scalloped potatoes, Spanish corn, numerous loaves of bread, pounds of butter, homemade cake and ice cream, and they surely make short work of a great number of two-quart bottles of milk.

Talk about lack of support! If the Warren Merchants felt discouraged on Sunday, no wonder. Total attendance for their game at War Memorial Field could be counted on two hands, and the collection netted a grand total of 65 cents and two nasturtium seeds. The game with Ridgway was called at 8 all because of the heat, which may have had something to do with the small attendance, but the players say that's the way it's been running. "Perhaps we don't play the best ball in the world," say the boys, "but it's good entertainment and we'll play all the better with a good crowd to watch."

Abigail's egg sales brought her much more than enough for a \$4 circus seat, but she decided she'd have more fun with the folk in the general admission seats and have a few dollars left over for pop and pink lemonade, so there's where she'll be, bless 'er 'art.

We neglected to mention earlier that Rosie Rowsell's broadcast of the first Saturday afternoon game in the double header at Pittsburgh acknowledged the presence of the champion St. Francis' Bowling League of Youngville.

"Everything out here is measured on an immense scale," writes J. G. and Emma Kiernan from South Dakota. They recently visited Yellowstone Park, Devil's Tower, and saw the Passion Play at Spearfish, S. Dak., also were at the Rushmore Memorial last week.

Across the Conewango last night you could hear the strains of "Montezuma" from the accordion of Clyde Baker, which indicated that the Marines and their families, 47 strong, were holding a picnic at Hackney Meadows. Apologies to the good people of that area who found their parking spaces occupied all up and down the creek. Mr. and Mrs. Tony Vogler introduced a new interpretation of the Russell hop, skip but don't jump.

A pair of newlyweds from Buffalo accidentally visited Warren last week-end, having been given inaccurate directions on how to reach Scranton. The groom was Robert P. Massett of Republic Steel and his bride the former Mary McGowan, a VA hospital nurse. Before departure they claimed they were glad they'd made the detour, became acquainted with Jane and Augie Juliano, and had a wonderful Saturday evening at Marconi Outing club. In fact, next time they decide to visit Scranton they'll come by way of Warren.

## Davey vs. Basilio In Chicago Tonight

Chicago (AP)—Undeclared Chuck Davey, the college dandy who made good as a pro, tonight takes a second swipe at a rugged "sleeper" who nearly wrecked his welterweight title campaign May 28.

Davey, stylish southpaw with a savage solar plexus punch, boxes a nationally televised 10-round, 9 p. m., EST, against Carmen Basilio of Canada, N. Y., at the Chicago Stadium.

Davey was established a 7 to 5 favorite.

It was the lightly-reckoned Basilio who 48 days ago walked out of a Syracuse ring with a 10-round verdict over Davey only to have the New York Athletic Commission rule the bout a draw later. The decision was reversed because the referee, who voted for Basilio, turned in an incomplete scoring card. That preserved Davey's bid for a shot at Kid Gavilan's welter crown.

## FIGHTS LAST NIGHT

By The Associated Press

Los Angeles—Dave Gallardo, 130, Los Angeles, knocked out Nat "Stonewall" Jackson, 120½, New Orleans, 2.

Miami Beach—Ralph Dupas, 134, New Orleans, outpointed Diego Soza, 132½, Havana, 10.

Newark, N. J.—Phil Saxton, 174, Elizabeth, N. J., outpointed Jimmy Corello, 169½, Hoboken, 10.

## Clark's Homer Helps Phils Beat Pirates

Pittsburgh (AP)—Rookie Mel Clark's first grand slam homer was more than the Philadelphia Phillies needed last night to trounce Pittsburgh's last place Pirates, 10-3.

Curt Simmons hung up his third consecutive win over the cellar dwellers to record his eight win against three losses. He struck out 10 Pirates.

The Pirates bounced back with two runs in the fourth after Clark hit his base clearing homer in the third. However, the Phillies scored three runs in the fifth and three more in the eighth—one on Willie Jones' homer—to win going away. Philadelphia .004 030 030-10 3 2. ## BYRD WINS RACE FOR RE-NOMINATION

Richmond, Va. (AP)—Sen. Harry F. Byrd, a bitter foe of New Deal-Fair Deal spending, won a smashing victory for re-nomination in yesterday's Democratic primary.

Byrd, who said the major issue in the rough and tumble campaign was "Trumanism," led his Oxford-educated opponent, Francis Pickens Miller, 210,625 to 124,803, on the basis of returns from 1,673 of the state's 1,783 precincts.

## Picnics Got Their Start In Europe

No one person is credited with originating the idea of eating out of doors. Before man learned to shelter himself in a cave or a tent, he ate out of doors by necessity. It was the custom to eat outdoors—and usually, it was no picnic!

Once man was housed, though, it became a pleasure to move outside to eat a meal. Picnics have been going on for hundreds of years. They had them in France and in Germany and in Italy. They grew to great popularity in England, but it took the Americans to really build picnics into the popular meal-feasts they are today.

Britains developed the practice of having meals served for an entire community outdoors simply because no one building could house such a group.

Where Name Originated  
Each family brought along a variety of foods. They were all placed on one large table and people walked around "picking" and "choosing" what they most wanted. "Picquer" is the French word meaning "to pick" and that's where the "pic" in picnic came from.

But all sources of information fail to reveal how the "pic" got tacked on. But what difference does it make? A picnic is spelled "pic-nic" in any language. And this month July is spelled "pic-nic" in all languages.

All it takes to make a picnic is one or more people, plenty of good food, and a small patch of nature's outdoors.

Any size group in any size locality, whatever the scenery, no two picnics are ever alike, so they are fun to have any day of the week.

In your own backyard, you can have hot meals, or cold, family groups or neighborhood gatherings. You can have cold sandwiches or hot; cold drinks or not. You can cook in a skillet, or use a sharp stick. Have an elaborate barbecue in your outdoor fireplace. Or, prepare it all in the house and bring it out ready to eat. Set the works on the table and let everyone make up his or her sandwiches to his own choosing. Sandwiches of any sort always did fill the bill at a picnic. Meat, cheese, eggs, almost any food you can name seems to taste better sandwiched between two or three slices of bread.

TODAY is pay day for all the folks who have classified ads.

## Wellsville Wins Its First From Falcons

By The Associated Press

The Bradford Phillies got to big Jack Dawson last night and snapped the Olean pitcher's Pony Baseball League winning streak at 12 games.

Bradford beat the Yankees, 8 to 3. Dawson put his winning streak on the line against Philly batters that have been unable to get their club out of the second division all season. But they reached Dawson for 11 hits, leaving his record at 14 and 3.

Bradford's competitors for the cellar spot—the Wellsville Rockets—scored the upset of the night by beating Jamestown for the first time this season, 5 to 2.

In other games, Hamilton whipped Corning twice, 7 to 2 and 7 to 5 and Hornell dropped Batavia, 11 to 7.

## Vic Seixas Enters 3rd Tourney Round

Philadelphia (AP)—America's No. 1 tennis player, Vic Seixas, smoothly stroked his way into third-round play of the Pennsylvania State Tennis Championships today while the nation's top women's star, Wimbledon champion Maureen Connolly of San Diego, was slated to stage a belated first-round appearance.

Another Californian, Ellis Slack

of San Francisco, moved into the third round after staging the tournament's first major upset, a stinging 6-3, 6-2, 6-4 conquest of fifth-seeded Dick Gainer, Edgartown, Mass. Seixas polished off his second round opponent, Mike Dewet, Oxford University, 6-2, 6-2.

Miss Connolly and second-seeded Mrs. Pat Canning Todd, of La Jolla, Calif., arrived from Europe too late to participate the first two days of play.

## Pittsburgh Jaycees Expect 10,000 Will Attend Aug. Game

For really rough, rock-'em-and-rock-'em football, it's tough to beat a lively high school game. But pick the top stars of 52 schools, all 175-200 pounds, divide them into to sectional teams—and a crowd-pleasing brawl is in the bag.

Anyway, no one has ever come away disappointed from a Junior Chamber of Commerce "All Star" Football Game. And this year's contest slated for August 14 in Mt. Lebanon High School Stadium, Pittsburgh, promises to outdo even the four previous matches.

Squared away are 26 Allegheny County stars against 26 stand-out players from Western Pennsylvania schools. Both squads will undergo intensive training and practice periods.

For sheer weight the Western Pennsylvania team compares with anything in college ball. From end to end, it can field a forward wall of 200 pounds. In the backfield, too, the Western Pennsylvania lads have power. For example, 192-pound Ed Cicpic of Jefferson Township. Joe Marconi, 205-pounder from East Bethlehem who crossed goal lines 13 times last year, and George Corey who led Ambridge High to a 40-0 win over Vandergrift last season with four touchdowns in the aerial warfare department, there's Bob Hoffman of Farrell High who completed 12 of 22 passes, four for paydirt, against Beaver Falls.

Whatever section fans come from, they'll find a player on the field to represent their district. And to stir up memories of last season's scraps.

Aside from the football, there'll be a parade, two bands, a colorful half-time ceremony, and a covey of "All Starlet" majorettes representing the cutest baton twisters of 52 high schools.

As in previous years, proceeds will be used by the Jaycees to promote their various district civic and charitable projects. Attendance at the previous four tilts has averaged around 10,000.

So all in all, the August 14 program promises to be as thrilling a mix-up of music, pageantry and assorted football mayhem as never before rocked Mt. Lebanon Stadium.

Nebraska has more miles of river shore line than any other state.

## Girls in Circus Contribute Clown Ideas

LOU JACOBS, WORLD FAMOUS CLOWN, is shown above with Jean Sleeter, beautiful young aerialist with the Ringling Brothers and Barnum and Bailey circus, which shows here on Friday of this week under auspices of the Junior Chamber of Commerce of Warren. Jacobs claims the girls in the circus, with their mention of new hair-dos and grotesque take-offs on women's fashions, contribute some of the best ideas for humor. Although the supply of \$4 chair seats for the circus is now exhausted, other tickets still are available at Kinnear's Store, 225 Liberty street.

**Esso Extra Gasoline**

Many motorists believe that all good gasolines are generally pretty much alike. But here are the facts as proved by industry-accepted road and laboratory tests!

Esso Extra gives you a remarkable combination of qualities that will improve the all-year, all-around performance of 9 out of 10 cars on the road.

We believe a trial will prove to you Esso

Extra delivers results no other gasoline can—in full power, long mileage, high anti-knock, quick starting, fast engine warm-up, and protection against vapor-lock stalling.

And while you're at your Esso Dealer's, there's certainly no better time to let him give your car a complete lubrication and careful check-up for the hot weather driving you'll be doing.

\* Esso Extra Gasoline is good for ALL cars, but in 9 out of 10 it will give better all-around performance all year 'round than any other gasoline. Only a car with an engine that's poorly adjusted, badly worn, or one with unusual compression characteristics may be unable to use fully the many extra qualities of this great gasoline. See your nearby Esso Dealer today!
